Call to Order. Mr. Keeter called the meeting to order and reminded members of the Committee of their duty to avoid conflicts of interest and appearances of conflicts under the State Government Ethics Act in accordance with Chapter 138A of the North Carolina General Statutes and advised the Trustees to make him aware of any conflict of interest or any appearance of a conflict of interest with respect to any matters coming before the Committee at any time during the meeting. School of Professional Studies. The UNC Charlotte School of Professional Studies (SPS) was launched in August 2021. Associate Provost Haines described how SPS was formed and how it meets the needs of nontraditional learners through collaborations with businesses and organizations as well as partnerships with each academic college. He shared how SPS supports
UNC Charlotte's mission, and how the School of Professional Studies plans to grow its efforts and outreach.

Associated Entity Status for UNC Charlotte Legal Services, Inc. Dr. Bailey and Mr. Humphrey made a presentation regarding UNC Charlotte Student Legal Services, Inc. (SLS). SLS is a nonprofit organization whose mission and purpose is to provide legal services for fee-paying UNC Charlotte students and registered student organizations of UNC Charlotte to address commonly encountered issues – such as landlord-tenant disputes, contract review, wills and powers of attorney, and obtaining domestic violence protective orders – that result in potential barriers to academic success. The program is modeled after student legal services entities at UNC Chapel Hill and NC State that have operated successfully for several decades, and is governed by a board of directors consisting of UNC Charlotte students, faculty, and staff, as well as one member of the Charlotte community. Vice Chancellors Bailey and Humphrey requested that the Committee recommend to the full Board of Trustees approval of a resolution designating SLS as an “associated entity” of UNC Charlotte. Approval as an associated entity allows SLS to receive resources from the University so long as specific policy requirements are met.

Following the full Board's approval of the resolution, the University and SLS will enter into an agreement outlining each party’s responsibilities to the other. The agreement includes restrictions on the services SLS is permitted to offer to UNC Charlotte students, including a prohibition against providing legal advice or representation for students in disputes against other students or against the University, the UNC System, or cases involving the State of North Carolina. As with UNC Charlotte's other associated entities, SLS’s annual reports will be shared each year with the Board’s Audit, Compliance, and Enterprise Risk Management Committee.

Action. On a motion by Mr. Wilson, seconded by Ms. Grubbs, the Committee unanimously voted to recommend to the full Board of Trustees approval of the resolution designating SLS as an associated entity of UNC Charlotte.

Adjourn. There being no further business before the Committee, Mr. Keeter adjourned the meeting.

Sports Medicine/Athletic Training - This department faced the biggest challenges due the COVID-19 pandemic. They administered more than 35,000 tests in conjunction with local healthcare providers, completed a contact tracing course, worked on developing department protocols for managing the virus, and administered vaccination and booster clinics. During this period, the Executive Associate AD also hired and trained more than 12 new athletic trainers and a Director of Sports Medicine.
Strength and Conditioning – The biggest change/impact has come in the area of analytics as almost every team now utilizes a system to track student athletes’ movements and create a better performance environment.

Sports Psychology – The need for mental health services has been amplified as a result of the pandemic. To meet the needs of student athletes, Dr. Logan Hartnell has been hired as a sports psychologist. He will start on June 6th. Athletics also received a gift from Truist Bank that will provide a post doc position and Eryn DeLaney, a graduate of VCU and currently an intern at Texas A&M has been hired.

Sports Nutrition – This program has seen tremendous growth over the last couple of years. We have been able to partner with Atrium Health to have a full-time sports nutritionist on staff for a minimal cost to Athletics. Beginning with the 2022-2023 academic year, a second nutritionist from Atrium will work exclusively with the football team.

Athletic Director Update. Ms. Hill presented the report in Mr. Hill’s absence. She reported that Women’s Basketball won both the regular season conference championship and conference tournament championship for the first time in program history. The team also competed in the NCAA tournament for the first time since 2009, and third time in program history. Ms. Hill then discussed the move to The American. She stated that the University is required by contract to notify Conference USA by April 30th of its intended departure for the 2023 academic year. She reported that Men’s Soccer will compete in the American Athletic Conference in the 2022-2023 academic year. She next reported that Charlotte Athletics is participating alongside other collegiate and professional sports entities within the Charlotte region in the Charlotte Difference Makers Fellowship. She then discussed student-athlete fundraising activities. During the Niner Nation Gives campaign, 45% of student-athletes gave, up 8% from last year. A total of $1523.00 in cash donation was collected, with matching gifts bringing the total raised to $4569. Student-athletes also raised $6248.28 during the Student-Athlete Phone-a-thon. She then detailed participation by team.

**Financial Dashboard.** Dr. Amon stated that this report provides indicators of the fiscal health of the university for the current Spring 2022 semester. He also shared a year-end financial summary that shows what happened in the prior fiscal year.

Dr. Amon further explained the four indicators used in the fiscal dashboard. Enrollment is the key driver for the general fund and has remained flat for the current period. Both the value of the endowment fund and research contract and grant awards increased over the past period. Dr. Amon concluded with the illustration that student housing occupancy rates, the leading indicator for auxiliary operations, remain strong despite the pandemic.

**University Budget Update.** Mr. Smith stated the report layout has been changed to show a comparison of forecasted university budgets compared to actual expenditures for March 2022.

Mr. Smith explained that the report shows university operating budgets for the third quarter compared to the annual and forecasted budget for the general fund, housing, athletics, parking, and dining. He reported that all budgets are in a positive position. Mr. Smith explained the timing of tuition receipts and state appropriations and noted that the fourth quarter will include capital projects completed in the summer, sport camps, and additional parking and dining revenue.

**FY23 All Funds Budget.** Dr. Amon thanked the budget team for their work with the FY 2022-23 all-funds budget for the university. He stated that the Board will vote today to forward this budget to the UNC Board of Governors (BOG). He indicated that extensive information was required for this report from every college and division in the university. Dr. Amon reported that this is a projected budget and general funds are budgeted to balance with revenues to meet expenses.

Dr. Amon reported that the primary expense for the university is personnel. He explained that the primary sources of funds are appropriations, student fees, sales and services, and contracts and grants. He further explained that while auxiliary operations are reviewed in the quarterly university budget, the all-funds budget includes a new category of restricted trust funds. These funds consist primarily of contract, grant, and gift revenues. The FY 2022-23 all-funds budget includes using fund balances from auxiliary operations and restricted trust funds for capital projects and equipment purchases deferred during the pandemic.

Dr. Amon reported that over time the all funds budget will give insight into how the colleges and university divisions operate and can be incorporated into the monthly budget to make it more meaningful.

**Action:** On a motion by Mr. Bunker, seconded by Ms. Katziff, the Committee unanimously recommended that the Board approve the FY23 All Funds Budget for UNC Charlotte.
Request for Authorization for a Capital Project—Stormwater Master Plan Implementation Phase I
Mr. Steele stated that in 2019, a stormwater master plan was completed which recommended the installation of several regional stormwater control measures to ensure the university follows the city of Charlotte guidelines. Advance planning was not required in the first phase. The university is asking for the committee’s approval to move forward with Phase I.

**Action:** On a motion by Mr. Bunker, seconded by Mr. Mildenberg, the Committee unanimously recommends the Board authorize the Stormwater Master Plan Implementation Phase I with a budget of $3,000,000.

Request for Authorization for a Capital Project – Energy Projects Phase III. Mr. Steele stated the energy saving project will include multiple initiatives to reduce energy consumption. Savings are derived from improvements to building automation systems, HVAC systems, lighting, controls and other mechanical systems.

**Action:** On a motion by Mr. Bunker, seconded by Ms. Katziff, the Committee unanimously recommended the Board approve the Energy Projects Phase III with a budget of $750,000.

Request for Authorization for a Capital Project – Softball Locker Rooms and Offices. Mr. Steele stated that this project received advance planning approval in October 2021. This project will be funded through trust funds and private donations. It will provide locker rooms, coaches offices, and a team room to support the growth of the women’s softball program.

**Action:** On a motion by Ms. Katziff, seconded by Mr. Bunker, the Committee unanimously recommended the Board approve the Softball Locker Rooms and Offices project with a budget of $3,100,000.

Request for Approval of Capital Project Designer Selections – Open End Professional Services. Mr. Steele stated that the open-end professional services contracts were bid in 2021 and the contract allowed for a one-year extension. These agreements will allow the university to move forward quickly on projects under $500,000.

**Action:** On a motion by Mr. Bunker seconded by Ms. Katziff the Committee unanimously recommended the Board approve the extension of the Open-End Professional Services agreements for the listed firms for FY23.

Capital Improvement Projects Update. Mr. Steele provided a reformatted document to update the Board on all capital projects with comments on the following capital improvement projects:

**Remembrance Memorial**
The Remembrance Memorial will be bid at the end of April and construction will begin in spring of 2022.
Residence Hall Phase XVI
The residence hall is on track. The university will address any issues to ensure the schedule for completion and occupancy can be met.

Swearing-In of Incoming Student Body President and Trustee. Ms. Clark administered the oath to Ms. Larson, swearing her in as a trustee.

Remarks by the Board of Governors Liaison. Governor Holton provided remarks, during which he acknowledged UNC Charlotte for its recent Speaker Series, and commended the University for being a leader in illustrating how, with patience and the ability to listen, people with very different perspectives can discuss issues in a civil way.

Chancellor’s Report. Chancellor Gaber updated the Board on the status of managing COVID-19, as the University and nation transitioned from pandemic to endemic management mode. She reported a low COVID positivity rate on campus, and recent changes to the COVID safety protocols, including testing and reporting protocols.

Next, Chancellor Gaber reported recent organizational changes, effective July 1, 2022. The vice chancellors for research and economic development and One IT will report directly to the chancellor. Also, the investigative scope of the Title IX office will expand to include all forms of impermissible
discrimination. This expansion will ensure that the university is addressing discrimination complaints in a consistent and effective manner.

Chancellor Gaber then provided an update on the ongoing provost search, thanking Provost Lorder for her commitment to the University and her willingness to stay on through the fall semester at which time the search should be concluded. She also reported that interim deans will be named for the Graduate School and College of Liberal Arts and Sciences to allow the next provost to lead the search for permanent deans. Chancellor Gaber also shared that Mr. Sorensen announced his retirement at the end of the calendar year and thanked him for his leadership.

Next, Chancellor Gaber reported that the divisions are in the process of finalizing their strategic plans, which will be aligned with Shaping What’s Next. She stated that she will report on the progress of Shaping What’s Next at the first fall Board meeting. She then provided an update on the Board of Governors’ review and approval of UNC Charlotte’s revised mission statement. In accordance with Board of Governors’ review, the revised mission statement will be submitted on June 1 and considered by the Board of Governors in July.

Chancellor Gaber next shared an update on some of the diversity and inclusion related work. She noted the launch of the interactive diversity dashboard, a tool that offers access to data about the compositional diversity of the University’s students and employees. She also reported that the University is an emerging Hispanic Serving Institution (HSI), stating that we are exploring strategies to continue to increase Hispanic student enrollment. Chancellor Gaber reminded the Board of the Board of Governors policy which mandates that Boards of Trustees receive an annual update on the institution’s diversity and inclusion operations and activities, and that each institution submit an annual report to the System Office regarding diversity and inclusion related data and programs. She advised that Dr. Wolfe will present the update to the Board at the first meeting of the next academic year.

Next, Chancellor Gaber then provided an update on the System’s proposed funding model. The most recent version of the proposed funding model was adjusted to increase the instructional rate for undergraduate nursing and engineering, allow for a higher rate of funding for health services and STEM master’s and doctoral programs, and provide institutions with additional flexibility to propose more market-driven tuition rates for graduate programs.

Chancellor Gaber next discussed the process that is underway to refresh the System’s strategic plan, including the process for input and feedback, and the potential areas of focus and refinement.

Chancellor Gaber concluded her update by inviting Mr. Sorensen to introduce Beth Crigler, Associate Vice Chancellor for Development, to present this year’s record-breaking Niner Nation Gives results. Ms. Crigler stressed the importance of donor acquisition and the need to start building a culture of giving back amongst students and alumni.

Proposed Changes to Board Structure. Ms. DeVore presented proposed changes to the current Board of Trustees structure, resulting from the trustees’ feedback from the recent board self-assessment. She discussed the realignment of the standing committees, including the renaming of the Academic and Student Affairs Committee to Academic and Student Life, the elimination of the Athletics Committee, and incorporating the review of athletics into the Academic and Student Life Committee, and the creation of the Advancement and Public Relations Committee. She also discussed a new meeting schedule based
