Ms. DeVore thanked everyone for coming and introduced and welcomed the three new trustees, Wendy Grubbs, Sasha Weintraub, and Dontá Wilson to the Board.

Ms. DeVore advised the trustees of future events and announcements including the University’s national award from the American Association of State Colleges and Universities (AASCU) Excellence and Innovation Awards in recognition of the University’s response to the global COVID-19 pandemic. She also reminded trustees about the Chancellor’s Installation ceremony and dinner of September 23 and 22 respectively, and the kickoff of the 75th anniversary yearlong celebration on Founder’s Day, September 23. Ms. DeVore also advised the trustees of the Board’s first business meeting on October 6, and the System Office’s campus tour on October 19. Lastly, Ms. DeVore encouraged trustees to attend the system sponsored workshop for trustees at NC State on November 16.

After the announcements, the trustees who were joining virtually stated that they were having a difficult time hearing. The meeting was paused while the hotel support staff and university IT Support worked to correct the audio issues. Ms. DeVore then restarted the meeting to ensure that the virtual attendees heard previous announcements.

Overview of Agenda. Chancellor Gaber provided a brief overview of the agenda. She indicated that the first portion of the meeting would focus on operational issues and where the University is currently, while the second half would focus on strategic issues and where the University is going.

Enrollment Forecast. Ms. Kirby provided an overview of forecasted enrollment and strategies to navigate the enrollment cliff, including attracting new population of students and retaining current students. She also discussed the importance of continuing to enhance recruitment strategies such as retargeting applicants, expanding geographic reach, financial aid optimization, partnerships to create or enhance pipelines, and recruiting graduates to stay or return for graduate school.

Proposed Bond Refunding. Based on market conditions as of 8/20/21, Mr. Verret presented certain areas of outstanding debt that the University has identified as candidates for refunding that could produce approximately $10M in net present value savings over the life of the bonds. Mr. Verret explained that these savings will help offset future debt service costs for the University operations currently servicing the related debt. Mr. Verret shared the governance process and necessary steps, including obtaining Board of Governors approval on September 15, prior to the bond sale being scheduled for late September, with closing to occur in October.

Government Relations/BOG. Ms. Doster provided a report on the University’s constituent relations and corporate engagement. Ms. Doster reported that there is currently a search underway
