Call to Order. Mr. Klein called the meeting to order and reminded committee members of their duty to avoid conflicts of interest and appearances of conflicts of interest under the State Government Ethics Act, in accordance with Chapter 138A of the North Carolina General Statutes, and advised the committee members to notify him immediately if anyone should become aware of a conflict of interest or the appearance of a conflict of interest during the meeting. No conflicts of interests were reported.

Approval of the Minutes. Mr. Klein requested approval of the April 13, 2022, minutes of the Finance and Physical Properties Committee (FPPC).

Action: On a motion by Mr. Bunker, seconded by Ms. Katziff, the Committee unanimously
approved the minutes for the April 13, 2022, FPPC meeting.

Nonrefundable Housing Application Fee. Dr. Bailey proposed a change of the current $200 refundable housing deposit to a nonrefundable housing application fee of $100. At the December 15, 2021, meeting, the housing rate structure was reduced from 31 to 14 rates, reducing the highest cost option by 2.1% and with no change in the lowest rate.

Dr. Bailey explained that UNC Charlotte is the outlier in the UNC System charging a refundable housing deposit. The estimated annual revenue from the nonrefundable application fee is $410,000. Dr. Bailey also noted that students receiving Pell Grants are able to waive the application fee.

**Action:** On a motion by Mr. Bunker, seconded by Ms. Katziff, the Committee unanimously recommends the Board approve a nonrefundable housing application fee of $100 to begin in FY24.

Capital Projects Process and Timelines. Dr. Amon and Mr. Steele shared with the Committee the role of the FPPC in capital projects from project authorization, designer approval/ratification to construction manager at risk ratification. They also shared the average time required for completion of each project phase, including the mandatory reviews and approvals required for all projects. Questions were posed regarding any buildings that are “end of life.” Mr. Steele stated that all projects are thoroughly vetted before they are included in the capital plan for the university.

Request for Authorization for Advance Planning. Mr. Steele presented three projects to the Committee for approval: Greek Village HVAC System and Kitchen Upgrades, Smith Building Comprehensive Renovation, and the Upper Prospector Dining Renovation.

Mr. Steele stated the HVAC system in the Greek Village has reached the end of its useful life and does not function efficiently or effectively. The mechanical systems in this project will be updated and air quality concerns will be addressed.

Mr. Steele stated that the Smith Building was built in 1966. This renovation project will repair/replace the mechanical, electrical, plumbing, lighting, and fire protection systems and address other ADA and building code deficiencies.

The Upper Prospector Dining Renovation will create a new food hall configuration to provide additional seating capacity for students and a reservable space for special events. New food concepts will be introduced and ADA and other building code deficiencies addressed.

**Action:** On a motion by Mr. Bunker, seconded by Mr. Mildenberg, the Committee unanimously recommends the Board approve the following projects for advance planning.

Greek Village HVAC System Upgrades and Kitchen Renovations with a budget of $100,000
Smith Building Comprehensive Renovation with a budget of $400,000
Upper Prospector Dining Renovation with a budget of $750,000

Request for Authorization for Capital Projects. Mr. Steele presented eleven capital projects to the Committee for approval; seven will be presented to the Board of Governors for approval at future meetings this fiscal year.

The Cameron Roof and Window Replacement project will improve energy efficiency and reduce the building operating costs. A condition assessment identified the Cameron roof as a top priority based on its age and condition. This scope was cut from the project in 2019 during advance planning for budgetary reasons.

Cameron Second Floor Lab Upfits project will fund build-out of approximately 4-5 labs to complete the second-floor renovation of Cameron. The increased cost is based on the designers updated estimate as of June 2022.

Campus Roadway Repairs project will include multiple locations on campus that need repair and resurfacing.

Cone Center North Roof Replacement project will allow the north roof of the Cone Center to be replaced as it has reached the end of its useful life.

Multiple Elevator Upgrades are needed across campus. These upgrades were identified through the Facility Condition Assessment and operational data.

Richardson Stadium Video Board Replacement project is a full replacement for the existing board at the stadium. The present video board has reached the end of its useful life and parts and components are not available for replacement.

Robinson Hall project requires a partial roof replacement because of water intrusion and leaks within causing damage to the interior of the building.

Multiple Roof Replacements project requires that approximately 95,600 square feet of roofs be replaced on multiple buildings on campus.

Rowe Arts Building Exterior Envelope Repairs will address the water damage in the interior of the building, damaged masonry wall paint finishes, and asbestos fillers. A study was completed in 2021 identifying these issues.

South Village (SoVi) Deck Elevator Repairs are needed because of moisture intrusion.

West Deck Elevator Replacement is needed because of its unreliability. This elevator was built in 1997.

**Motion:** On a motion by Mr. Mildenberg, seconded by Mr. Bunker, the Committee
unanimously recommends the Board approve the following projects:
Cameron Roof and Window Replacement with a budget of $2,500,000
Cameron Second Floor Lab Upfits with a budget of $5,000,000
Campus Roadway Repairs with a budget of $750,000
Cone Center North Roof Replacement with a budget of $1,000,000
Elevator Upgrades – Multiple Buildings with a budget of $500,000
Richardson Stadium Video Board Replacement with a budget of $1,700,000
Robinson Hall Roof Replacement with a budget of $750,000
Roof Replacements – Multiple Buildings with a budget of $2,300,000
Rowe Arts Building Exterior Envelope Repairs with a budget of $1,250,000
South Village (SoVi) Deck Elevator Repairs with a budget of $500,000
West Deck Elevator Replacement with a budget of $1,000,000.

Mr. Steele stated that the Optima Engineering company was inadvertently omitted from the list of pre-selected firms presented at the April 2022 Board of Trustees meeting to be granted a one-year extension of open-end professional services agreements. Optima Engineering’s category is for mechanical/electrical and plumbing.

**Action:** On a motion from Mr. Mildenberg, seconded by Mr. Bunker, the Committee unanimously recommends the Board approve the extension of open-end professional services agreements for Optima Engineering for Fiscal Year 2023.

Request for Designer Approval or Ratification. Mr. Steele presented to the Committee two projects for designer selection - Atkins Library Tower ADA and Fire/Smoke System Upgrades for ratification and the Burson Renovation and Expansion for approval.

On September 9, 2022, the selection team interviewed three firms for ratification for the Atkins Library project. C Design was the selected designer with BHDP, PLLC and 310 Architecture + Interiors as first and second alternates respectively.

On August 18, 2022, the selection team, with Dennis Bunker, vice chair of the Board of Trustees serving as the selection team chair, interviewed three firms for approval for the Burson Renovation project. EYP Architecture and Engineering was the selected designer with first and second alternates McMillan Pazdan Smith Architecture and The FWA Group Architects respectively.

**Action:** On a motion by Mr. Mildenberg, seconded by Mr. Bunker, the Committee unanimously recommended the Board approve the following:

Ratify the selected designer, C Design, Inc. and first and second alternates, BHDP, PLLC, 310 Architecture + Interiors, respectively, for the Atkins Library Tower ADA and Fire/Smoke Systems Upgrade with a budget of $13,500,000, and the selected designer, EYP Architecture and Engineering, and first and second alternates, McMillan Pazdan Smith Architecture and The FWA Group Architects respectively for the Burson Renovation and Expansion project with a budget of $55,900,000.
Six-Year Capital Plan. Dr. Amon and Mr. Steele presented to the Committee a preliminary six-year capital plan for the University. The presentation shared general fund projects for advanced planning and repair and renovations as well as non-general fund projects such as auxiliary, donor, and student affairs funding.

Several of the projects are being voted on at this meeting and will be presented to the Board of Governors as required based on the budget. Projects have been reviewed with academic units and shared also with the Chancellor.

Some projects are included in the six-year capital plan for multiple cycles before funding becomes available. Guidance will be received from the System Office soon on how the six-year capital plan should be presented this year.

Capital Improvement Projects Update. Mr. Steele stated there continues to be a struggle with supply chain, cost escalation, delays and labor shortages.

Phase XVI had a few glitches but they were resolved to keep the project on schedule.

The Remembrance Memorial had one bidder and was 50% over budget. Negotiated scope reductions were completed and construction began in early August.

Cameron Second Floor cost estimate is 25% over budget. A follow-on project for lab fit-out will be required to meet the needs of the campus.

Projects completed since the last Board meeting include Bioinformatics Fourth Floor Renovation, Union Deck elevator replacement, Student Government Office renovations, and Lot 25 renewal.

Financial Dashboard. Dr. Amon stated that Fall 2022 student enrollment declined 2.9% from prior years. The university is working to understand the effect on the funding formula.

The endowment fund finished the fiscal year with an overall gain of 2.9%. The fund is currently at $11,600 per student.

Student housing continues to be strong, with the fall occupancy at nearly full capacity.

University Budget Update. Dr. Amon provided the operations budget as of August. The report shows the University’s operating budget compared to the annual and forecasted budget for the general fund, housing, athletics, parking, and dining. All budgets are in a positive position.

Consulting Services Contracts FY22. Dr. Amon shared the consulting services contracts list for FY22 that is provided to the UNC System Office yearly.

Adjourn. With no further business the meeting was adjourned 12:12pm.

She congratulated Mr. Young on receiving the Georgia Food Industry Association’s 2022 Legacy Award from Ahold Delhaize USA. She also recognized Mr. Klein for being honored at the upcoming Belk College of Business annual awards luncheon.

Approval of Previous Meeting Minutes. Ms. DeVore requested action on the minutes of the April 13, 2022, July 12, 2022, and August 23, 2022, Board of Trustees meetings as distributed, as well as the minutes of the April 13, 2022 meeting of the former Athletics Committee.

Action. On a motion by Mr. Bunker, seconded by Dr. Weintraub, the Board unanimously approved the minutes of the April 13, 2022, July 12, 2022, and August 23, 2022, meetings as distributed.

Remarks by the Chancellor. Chancellor Gaber shared several updates with the Board.

She reported that Governor Kellie Hunt Blue has been appointed to serve as our new Board of Governors liaison. She plans to be present for our next Board of Trustees meeting.

Chancellor Gaber provided an update on total enrollment, which shows that we are down slightly from last year (29,551 vs. 30,448). She reported that nearly every university in the UNC system is experiencing a similar downturn. Chancellor Gaber indicated that the most significant drops in our enrollment came in the new transfer and continuing undergraduate categories. Discussion ensued concerning particular segments that melted at a higher-than-usual rate. Dr. Gaber reported that UNC Charlotte remains #3 in the UNC system in total enrollment and #2 in undergraduate enrollment.

Next, Chancellor Gaber reported on the status of several key leadership searches.

- The Provost search will be wrapping up soon and we have three strong finalists for the position. We anticipate making a decision within the next three weeks. The Chancellor and Chair DeVore expressed appreciation to the trustees who have participated in the on-campus interviews with the finalists.
- An additional search is underway for the Dean of the College of Computing and Informatics, with interviews anticipated for early October. The goal is to have a slate of finalists for the next Provost to consider.
- An internal search is underway for an Interim Dean of the Graduate School. The plan is to have the Interim Dean in place for an 18-month term beginning in January 2023.
- A leadership transition has also occurred in the Office of Research and Economic Development. Chancellor Gaber introduced Dr. Yvette Huet and Dr. Carl Mahler, who have assumed the roles of Co-Interim Vice Chancellors for Research and Economic Development to keep operations moving forward on a temporary basis until a longer-term Interim Vice
Chancellor can be named. That is expected to happen by October.

- And finally, a search has just begun for an Associate Vice Chancellor for Human Resources. We anticipate hiring this person in January to allow ample time for transition and consultation with the current AVC, who is expected to retire in April 2023.

Chancellor Gaber shared an update on our rankings in the 2023 US News & World Report. She reported that we have moved up eight spots from last year, putting us in the top half of national universities for the first time. We ranked #66 in Best Undergraduate Teaching, tied with UNC Chapel Hill. She shared that we continue to be ranked among the top national universities for social mobility, and we also ranked for the first time in the following categories: best colleges for veterans, best colleges for ethnic diversity, and best value.

Next, Chancellor Gaber shared a timeline for our 10-year facility master planning process. She reported that the master plan should be ready to present to the Board of Trustees for approval in early 2024 and that Trustee Klein will serve on the Steering Committee and Trustee Bunker will serve on the Working Group.
