**University Budget Update.** Mr. Smith shared with the Committee the operations budget for the University ending June 30, 2021. Mr. Kelley reminded everyone that auxiliary units, including these, do not receive any state funding. He explained that maintaining fund balances has allowed the university to meet its operational and capital requirements. We do not anticipate that HEERF funds will be received in the future. The University anticipates that revenues will be strong.

Mr. Spease stated that FY20 was a difficult year for Athletics. A great deal was lost in ticket sales and other areas.

Mr. Kelley stated, however, with all adversities, the University's enrollment is strong and the residence halls are full. The dining program is going well.

**Request for Authorization for Advance Planning for Softball Locker Rooms and Offices.** Mr. Spease stated that the softball program has grown tremendously. He reported that the softball coaches have been moved from their offices and now located in the baseball suites. Mr. Spease further reported that the footprint of the space will be expanded by 50-feet, allowing space for future women’s sports to help comply with Title IX division regulations. Mr. Spease stated that UNC Charlotte is proud to be first in the eastern division.

**Action:** On a motion by Ms. Katziff, seconded by Mr. Mildenberg, the Committee recommends the board authorize the University to undertake advance planning for the capital improvement project – Softball Locker Rooms and Offices with an advance planning budget of $250,000 and a total project cost of $2,500,000.
Request for Authorization of Parking Deck Repairs. Mr. Steele stated the repairs to the parking decks will allow the University to maintain safety, functionality, and keep them in proper condition. The project aggregate cost is $1,300,000.

Action: On a motion by Mr. Bunker seconded by Mr. Mildenberg, the Committee recommends the Board authorize the University to undertake a capital improvement project – Parking Deck Repairs with a budget of $1,300,000.

Request for Authorization for Campus Security Cameras Phase I. Mr. Steele stated that this is Phase I for this project of campus security cameras. He reported that there are security cameras in place but only in the entrance and exits to the parking decks. Mr. Steele explained that cameras will be added in the parking decks, parking lots, and other outdoor areas across the campus to improve the safety and security for our campus community.

Action: On a motion by Mr. Bunker, seconded by Mr. Mildenberg, the Committee recommends the Board authorize the University to undertake a capital improvement project – Campus Security Cameras – Phase I with a budget of $1,500,000.

Request for Authorization for Parking Lot 25 Renewal. Mr. Steele stated that Parking Lot 25 was originally a temporary parking lot serving the north campus and the light rail, which, as such, it now requires renovation because of its extensive use.

Action: On a motion by Mr. Bunker seconded by Mr. Mildenberg, the Committee recommends the Board authorize the University to undertake a capital improvement project – Parking Lot 25 Renewal with a budget of $1,700,000.

Request for Authorization for Atkins Café Renovation. Mr. Steele reported that the population of the Atkins Library has grown significantly, explaining that renovation of the café space will triple the capacity to accommodate this growth. Mr. Steele reported that the proposed renovation will feature a new layout with upgraded finishes, food service equipment, and furniture. Starbucks will be added and the Peet’s concept will be removed.

Action: On a motion by Mr. Bunker seconded by Ms. Katziff, the Committee recommends the Board authorize the University to undertake a capital improvement project – Atkins Café Renovation with a budget of $750,000.

Request for Ratification for Kennedy Second Floor Renovation. Mr. Steele reported that Kennedy Second Floor will be renovated to provide space for Distance Education and the Audiovisual Integration and Support for Learning Environments (AISLE) Group with a budget of $500,000.

On July 27, 2021, the selection team reviewed three submittals and recommended the following for this project.

Selected: Gensler Architecture, Design & Planning, P.C.
1st Alternate: Watson Tate Savory, Inc.
2nd Alternate: BHDP, PLLC

**Action:** On a motion by Mr. Bunker, seconded by Mr. Mildenberg, the Committee unanimously approved the ratification of the selected designer, Gensler Architecture, Design & Planning, P.C., and first and second alternates, Watson Tate Savory, Inc., and BHIDO PLLC respectively, for the Kennedy Floor Renovation project.

**Capital Improvement Projects Update.** Mr. Steele provided an update on the following capital improvement projects:

**McEniry**
This project is on time and on budget.

**Popp Martin Student Dining Renovations**
The construction manager agreement with Shiel Sexton was terminated due to their inability to meet the required project schedule. A competitive bid process will be used to identify a new construction manager.

**Remembrance Memorial**
Focus group sessions and workshops with the design team, faculty, students, and staff are being scheduled to gather feedback.

**Residence Hall Phase XVI**
The bidding process was successful and we will move forward with construction to begin in November or December. New Atlantic, who has done excellent work on this campus previously, was selected as the contractor. Mr. Kelley stated that Phase XVI will be a more traditional style of residence hall priced at a lower level. He stated that studies show repeatedly that students living on campus are likely to progress to a timely degree and be successful in their studies, adding that safety and convenience are also advantages to living on campus.

**Science Building**
The Science Building is on target to achieve full beneficial occupancy in November and laboratory classes will commence in the spring semester.

**UNC System All-Funds Budget Initiative.** Mr. Smith presented the UNC System All-Funds Budget outline to the Committee. He stated that before the System Office presented this idea to the system universities, Chancellor Gaber had asked for our budget office to take on this project. Mr. Smith indicated that today’s presentation is to show what the System Office is looking at for our best practices of resource allocations.

Mr. Smith reported that financial resources have shifted away from state appropriations, stating that it is more important to understand the resource “buckets”. Mr. Smith explained that the template is still being developed and the system is still deciding on how the final output will be displayed.
Mr. Smith further explained that the framework for this project was developed by a working group from the Systems Office and representatives from 10 institutions. Mr. Smith reported that now that updates have been given to the Board of Governors, the universities must wait until the budget is passed; it will determine how we report the FY22 data. Mr. Smith concluded that on April 13, 2022, the University will present the final report to the Board of Trustees for approval and then forward it to the Board of Governors for additional approval.

No conflicts of interest were reported.

Introductions and Announcements. Ms. DeVore welcomed Trustees and guests, and then shared several announcements and upcoming events.

Approval of Previous Meeting Minutes. Ms. DeVore requested action on the minutes of the April 6, 2021, July 13, 2021, and August 24, 2021, meetings as distributed.

Action. On a motion by Dr. Weintraub, seconded by Mr. Young, the Board unanimously approved the minutes of the April 6, 2021, July 13, 2021, and August 24, 2021, minutes as distributed.

Student Body President Swearing-In. Ms. DeVore announced that Mr. Beekman’s swearing-in was postponed from the April 2021 meeting which was held virtually. Ms. Devore then invited Mr. Beekman to the podium to be sworn-in.

Remarks by the Chancellor. Chancellor Gaber began by reporting on Fall 2021’s record enrollment numbers. She then provided an update on the vaccination rates of on-campus faculty, staff and students, as well as the ongoing efforts to keep the campus safe, including mitigation and wastewater surge testing, and mask and event mandates. Chancellor Gaber also reported that employees and students will once again be required to submit flu shot attestations and flu shot clinics will be held on campus. Chancellor Gaber then celebrated Charlotte’s achievement of being recognized as one of the nation’s most innovative universities and a leader in social mobility by US News & World Report’s 2022 Best Colleges Rankings.

Next, Chancellor Gaber provided an update on the status of the Hotel and Conference Center’s operations, including occupancy levels, the Golden Owl, refinanced debt, and staffing.

Lastly, Chancellor Gaber announced that the new associate vice chancellor for diversity and inclusion, and chief diversity officer, Brandon Wolfe, will begin his new role in November. She thanked Ms. Waites Spellman for her service in the interim role.
Strategic Plan. Chancellor Gaber began by thanking the strategic planning committee for its hard work over the past year. She then provided a recap of the planning process and an explanation of the major components of the plan.

Chancellor Gaber then reviewed the revised mission statement, reminding the Trustees that the Board of Governors must approve any changes to a constituent institutions’ mission. She stated that the University had submitted our revised mission statement in June, with original plans for review in September. She explained that the System Office subsequently determined that more consistent guidelines needed to be in place for the review process of constituent institutions’ mission statements, and recently issued draft regulations. We revised our mission statement to align it with the new regulations. Chancellor Gaber advised that the Board’s approval of the revised mission statement would be requested as part of the motion to approve the strategic plan.

Chancellor Gaber next reviewed the vision, guiding commitments, strategic focus areas, and goals. She also discussed the 44 objectives and 153 actions that make the plan actionable. She then discussed the success metrics and reiterated that while it is a 10-year plan, it will be reviewed and updated in five years.

Robust discussion ensued.

**OneIT Security Update.** Dr. Carlin presented the results of a recent Red Team Assessment conducted by FireEye Mandiant. He explained that red teaming is the practice of testing the security of systems by emulating a malicious actor trying to hack into the systems.

Dr. Carlin reported that Mandiant was unable to bypass our multi-layered defenses for two weeks and that only after enabling them access to the system in week three, was the team able to eventually move laterally across campus mimicking a breach. Dr. Carlin reported that during the 4-week engagement, our strong perimeter defenses frustrated the hackers. Then, he reviewed the strengths and improvement areas, as well as the next steps for continued enhancement of OneIT security.

**Report of the University Faculty Council.** Ms. Harden, the new faculty council president, raised the question of faculty compensation.
